The fastest, safest way to transfer pictures and music between your laptop and media devices. Just plug in your memory card then drag-n-drop your files!

Features and Benefits

- Transfer pictures and music between your laptop and media devices like: digital cameras, PDAs, music cell phones and more...
- Neatly fits flush into your ExpressCard® notebook slot so it's ready to use in the office or on the go...
- With USB cords, low batteries can interrupt your file transfers. But our "drag-n-drop" system moves files quickly so you don't risk lost or corrupted data.
- One reader for all your gadgets: read & write on all 7 popular memory media card formats
- No waiting, rapid data transfer at USB 2.0 speed (up to 480Mbps)
- Just pop it in to use - no drivers needed
- Hot swappable - attach/detach without powering down your system
- Works with the following types of media cards: Memory Stick®, Memory Stick PRO®, MultiMedia Card(MMC), xD-Picture Card™, (SD) Secure Digital Memory Card, miniSD (requires card manufacturer's adapter), and microSD/TransFlash® (requires card manufacturer's adapter)
